DETAILED ACTION

Election/Restrictions

Applicant's election of fenofibrate as the second drug is noted.

Claims 7-10, 13-15 are withdrawn from further consideration as being drawn to non-elected subject matter.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-6, 11 and 12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Curtet et al., EP 96400133, JP 401254624 or JP 405194209 taken with EP 521471, Liao et al. or WO 99/22728.

Since the references each teach that the individual components of the composition are known in the art to be used for the same purpose, then it is obvious to combine them into a single composition.

It is well known that it is *prima facie* obvious to combine two or more ingredients each of which is taught by the prior art to be useful for the same purpose in order to

form a third composition which is useful for the same purpose. The idea for combining them flows logically from their having been used individually in the prior art. *In re Sussman*, 1943 C.D. 518; *In re Pinten*, 459 F.2d 1053, 173 USPQ 801 (CCPA 1972); *In re Susi*, 58 CCPA 1074, 1079-80; 440 F.2d 442, 445; 169 USPQ 423, 426 (1971); *In re Crockett*, 47 CCPA 1018, 1020-21; 279 F.2d 274, 276-277; 126 USPQ 186, 188 (1960).
